Type permit/review requested: *(circle one)* Site plan review Clearing Permit

Clearing & Grubbing Permit Grading Permit Development Permit

*I understand that the plan review period normally takes five weeks, but can be longer dependent upon the number of applications and reviews submitted prior to this submittal. I also understand that under Barrow County Development Regulations, issuance of a permit, in no way provides relief from responsibility of maintaining full compliance with all local, state and federal codes, ordinances and laws. Furthermore, I understand all the applicable fees for the requested permit are due at the permit issuance, with the exception of the erosion and sediment control plan review fees which are due at the submittal time of this application.*
