Re: RFB2015-4 – 2015 L.M.I.G. Roadway Patching and Resurfacing (Project #SR039) -- Addendum No. 2

The following questions have been submitted for RFB2015-4:

Questions:

- 1) On page 1 of Specifications, the third paragraph states that the contractor is responsible for milling road intersections and project limits, however the bid form does not include a pay item for milling. Can the county incorporate a pay item with quantity for milling in the bid form?

Response:

No, this is to be factored into the asphalt work.

- 2) On Page 13 of the Contract Agreement (K.4.c.) indicates that Builder's Risk Insurance is required for this contract. Typically, we do not carry Builder's Risk Insurance since we are primarily an asphalt paving contract. Can the Builder's Risk Insurance be waived for this contract since the contract is primarily a resurfacing contract?

Response:

No, Builders Risk will not be waived from insurance requirements.
