## Level 1 Project: Jail and Justice Center Expansion

### The 2023 SPLOST has a Level 1 Project

A “Level 1 Project” is a project of the county to carry out functions on behalf of the State and may consist only of a county courthouse; a county administrative building primarily for county constitutional officers or elected officials; a county or regional jail, correctional institution, or other detention facility; a county health department facility; or any combination of such projects.

### Some of the features of the Level 1 Jail and Justice Center expansion are as follows:

- Additional courtroom space and office space for courts
- Additional parking for public and staff
- Accompanying elevator for the new courtroom to the jail
- Buildout of the existing pod into additional cells/beds
- Construction of weekend unit
- Working area/lobby reconstruction
- Reconfiguring of existing space to provide direct/indirect supervision flexibility (to allow officers to supervise multiple pods vs. 1)
